

A man with a beard and short dark hair, wearing a white dress shirt, is shown in profile, looking intently at a computer screen. The background is a blurred office setting with other people and desks. The image is framed by a thick, multi-colored border (orange, pink, purple) in the top-left and bottom-left corners.

Accenture Digital Skills in a nutshell...

Overview

- ✓ Accenture Digital Skills is a suite of **eight online learning courses** developed to introduce all learners, regardless of age or digital experience, to a range of digital topics.
- ✓ The programme explores some of the **most in-demand skills in the current digital climate**, from digital basics to courses covering specific digital topics such as Social Media, Digital Marketing, and Artificial Intelligence.
- ✓ The courses are designed to **help learners make sense of the ever-evolving digital world** and aimed at equipping them with the digital knowledge and skills they need to thrive in an increasingly digital workplace.
- ✓ Accenture Digital Skills courses are **accredited CPD training** (Continuing Professional Development).

Who?

All learners!

Whether a learner is a student wanting to understand digital applications in the workplace or whether they have been working for decades and want an introduction to digital and its impact on different industries, these courses are suitable for all learners.

Please note that if learners are under the age of 13, they are unable to sign up to the FutureLearn platform.

Key features of Accenture Digital Skills

What are the key features of Accenture Digital Skills?

Accenture Digital Skills courses are hosted on the online learning platform **FutureLearn**, offering various features to enhance the learning experience.

The screenshot shows a course page for 'Social media and business'. At the top, there are two tabs for 'Week 1' and 'Week 2'. Below the tabs, a message reads: 'Hi Alexander, here's the last step you visited:' followed by a 'Continue' button. A list of course items is shown, including '2.1 What will I learn? ARTICLE'. A section titled 'Using FutureLearn' provides help information. The main content area is titled 'Week 1: Social media and business' and 'Getting started'. It includes a video thumbnail of a woman and a 'CPD CERTIFIED' logo. A progress bar at the bottom shows the current position in the course.

This block shows a detailed view of course content elements. It includes a list of items: '1.7 What will I learn? ARTICLE', '1.8 Social media strategy ARTICLE', and '1.9 What is a target audience? VIDEO (05:01)'. Below this is a video player with a woman speaking and the text 'How to choose the right social media platform for your target audience'. Underneath the video is a 'Social media platforms' section with an 'OP OTWIL PIUS' post that says 'clear, concise, eye catching' and has 'Like' and 'Reply' buttons. At the bottom is a 'Check your understanding' section with a progress bar and 'Question 1' which asks 'What is banner advertising?'.

Blended learning approach

Content is delivered in video, audio, text, infographic and quiz format

80+ bitesize videos

Bitesize videos are presented by Accenture Digital experts

Social learning

Social media tools are used to support collaboration, peer to peer learning and teacher led training

Individual assessment

Quizzes and online assessments are used to track your progress

Key features

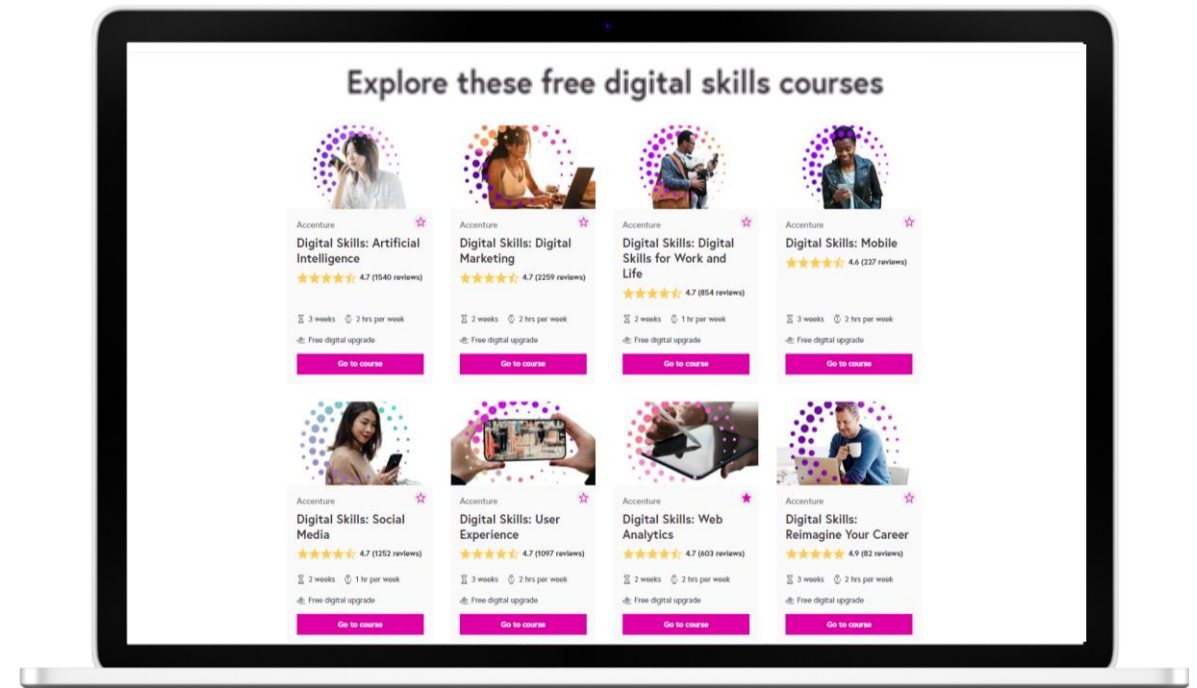

- Accessible online
- Mobile optimised
- Customisable learning plans
- 24/7 moderation of site discussions and content
- Accenture online mentors, specialised in the subject area, providing additional guidance throughout each course
- Courses are accredited [CPD training](#)

Accessing the courses

How do I encourage learners to sign up to Accenture Digital Skills?

Encouraging learners to sign up to Accenture Digital Skills is easy! Follow the steps below to help learners access our courses and start their learning!

1. Send learners the www.futurelearn.com link and ask them to click 'Register' to create an account.
2. Ask them to click on the Accenture () logo on the FutureLearn homepage.
3. They will see the 8 Accenture Digital Skills courses as shown on the right. Ask them to select one of the courses and click to register for the course. We recommend learners start with one of the introductory courses – **Digital Skills for Work and Life** or **Reimagine Your Career**.
4. The course will now appear in their 'Your courses' page where they can complete the learning!

Delivering the courses

How can I deliver Accenture Digital Skills?

There are three main ways to deliver Accenture Digital Skills: learner independent self-study, one-on-one or group delivery.

Self-study

Learners use Accenture Digital Skills courses, without any support from a mentor or advisor, **whenever and wherever suits them best.**

Who is this for?

- Confident learners
- Learners who want to work at their own pace
- Learners who aren't able to commit to specific learning schedules (e.g., parents or those with caring responsibilities)

Organisation / charity responsibilities

- Suggest which Accenture Digital Skills courses to take
- Provide Accenture Digital Skills link on website

One-on-one

Learners **work with a mentor or advisor** and are guided through Accenture Digital Skills courses. They get **help from their mentor or advisor as and when needed.**

Who is this for?

- Learners who need extra help staying on track
- Learners who may require additional support
- Learners who would benefit from one-on-one support with activities and discussion questions

Organisation / charity responsibilities

- Provide guidance on which courses learners should take
- Set up touchpoints to discuss learnings
- Provide support when requested

Group

Learners attend **an organised event** and are trained in a **structured way** by a course facilitator. Can be in-person or virtual and delivered individually or in a group.

Who is this for?

- Learners who enjoy collaborative learning
- Learners in a school or college
- Learners who enjoy structured course facilitation

Organisation / charity responsibilities

- Tailor course to meet learners' needs
- Facilitate group discussions
- Provide support when requested

Additional materials to support delivery

What materials are available to deliver the courses?

For our Digital Skills advisors and partners, we have designed a '**Partner Support**' site where you can find a variety of **support materials** i.e., training materials, marketing toolkits and other documents to help you deliver and promote the modules in an engaging, effective and efficient way.

Who

The Partner Support site is a **private space for advisors and partners** on FutureLearn where supporting documents on Digital Skills are held.

What

A variety of supporting documents and resources are available, ranging from **Individual Course Guides, Case Study Activities, Classroom Presentations to Marketing Toolkits** that can be used to enhance learning and promote Digital Skills.

Why

This area is designed **to ensure leveraged use of key relevant resources** in order to deliver the Digital Skills courses effectively.

How to gain access:

The Digital Skills support materials can be found on the [FutureLearn Partner Support site](#).

This is a private area therefore the Accenture Digital Skills team will **need to grant you access** to this site so you can access and utilise the resources available.

To request access or gain further information about the Partner Support site, **please contact DigitalSkillsUKI@accenture.com**.

Feedback about Accenture Digital Skills courses

What do our learners think?

“The course helped me feel more confident about the digital skills I have and to feel more positive and excited about developing them.”

**Learner,
Digital Skills for Work and Life
course**

“This course is great for anyone who is at the entry level of their social media career. It is perfect for the business owner who is looking to learn more about using social media in their business. It's also a great refresher course for the more experienced.”

**Learner,
Social Media course**

“This was a great course for anyone who wants to learn more about AI in the workplace and how you can skill up or use existing skills to work with it rather than fear it.”

**Learner,
Artificial Intelligence course**

“I've always viewed Web Analytics as quite tedious and boring but this course actually proved me wrong. It's broken down into small videos, uses terminology everyone can understand and quizzes you at regular intervals to summarise what you've just learnt. It's great to have a job description broken down too, and have real people's experience/job titles at the end so you have an idea of what you can do in this field.”

**Learner,
Web Analytics course**

Other Accenture opportunities

What other opportunities does Accenture offer?

Accenture have a number of other programmes you may be interested in:

Movement to Work

Movement to Work is a coalition of employers, civil society and government creating employment opportunities for young people from disadvantaged backgrounds. It offers young people from disadvantaged backgrounds access to work experience placements across 100+ employers in the UK.

Skills to Succeed Academy

The Academy offers free, online employability training. Modules prepare learners for the entire journey of choosing the right career, finding a job and succeeding in the workplace. Have a look [here](#).

Register as Staff and use code ACCESS4STF. Please do not share this code with learners as this gives access to all of our staff support materials.

Apprenticeship Programmes

Accenture offers multiple Apprenticeship Programmes, including the Technology and Consulting apprenticeship as well as the Master's degree apprenticeship. These apprenticeship programmes, offered across different locations, offer a perfect blend of training, mentorship, and provide people with a genuine head start to a career in technology or consulting.

Thank you!
