

Skills to Succeed Academy

Quick Start Guide: **Advisors**

Accenture's [Skills to Succeed Academy](#) is a free, interactive, online training programme to help your learners build skills and confidence through our Employability courses, to choose the right career, find and successfully apply for a job, and be successful in work. Our New Skills Now curriculum covers key critical skills for success in the future workforce such as Lifelong Learning, Emotional Intelligence and Exploring Coding. Through our simulation learners can prepare for real-life situations—such as a job interview or the first day of work—with coaching and feedback along the way. It saves time delivering core employability content, freeing you up for more targeted coaching and discussion with learners. Find out more [here](#).

Getting Started

Go to the Skills to Succeed Academy website and click register now

REGISTER NOW

1

Complete your profile by answering a few checkbox questions
